ABOUT
SABINKU HANDICRAFT

From Sabintulung Village to Indonesia, and to the World

Sabinku Handicraft is a handicraft supplier and manufacturer under PT Sabinku Karya Purun, located in Sabintulung Village, East Kalimantan (Borneo), Indonesia.

We produce a wide range of handcrafted products made from natural purun. Our products are made by skilled artisans using traditional weaving techniques that have been passed down for generations.

PT. Sabinku Karya Purun

(Sabintulungku Berkarya Melalui Purun)

Sabinku Handicraft

(Handwoven Purun Craft)

Sabinku Handicraft originates from Sabintulung Village, East Kalimantan (Borneo), Indonesia, where purun grows naturally across the village's wetland landscape and weaving skills have been passed down through generations.

Purun handicrafts have been produced in Sabintulung since 1996 and entered a more structured stage of artisan and product development in 2022.

Today, our products are 100% handmade by local artisans, many of whom are women and homemakers from Sabintulung Village. Their craftsmanship transforms natural purun into bags, baskets, mats, home décor, accessories, gifts, and customized products.

In 2024, Purun Handicrafts were assessed and field-verified as a flagship product of Sabintulung Village.

On 30 September 2024, Sabintulung Village, with Purun Handicrafts as its flagship village product, was awarded 8th Place in the Village Flagship Product Category at the 2024 Anugerah Desa Membangun by the Government of East Kalimantan Province.

Through Sabinku Handicraft, we connect this local craftsmanship with wider markets while managing product development, production, quality control, packaging, and delivery.

From Sabintulung Village to Indonesia, and to the World.

Product Proven Over Time

Handwoven Purun Skullcap (In Indonesia, this product is known as a songkok, featuring a distinctive design from Sabintulung Village)

One of these Purun Handicraft samples has been part of our product collection for approximately five years and has accompanied our team to various exhibitions and promotional events as a real-world reference for product durability.

Over the years, the product has undergone repeated handling, transportation, storage, and display, while remaining in good usable condition.

This long-term reference provides practical evidence that carefully crafted Purun products can maintain their shape and functionality over time when properly handled and cared for.
